Mechanical Grab

AVAILABLE FOR 1.5T-50T

Aussie Buckets' Mechanical Grab, also known as the Manual, Static, or Stiff Arm Grab, is designed for demanding applications such as scrap metal handling and heavy log work, or any industry where durability and high-capacity performance are essential.

All models feature a robust 5-finger interlocking design with a quick-release arm, that ensures secure and efficient machine coupling.

Constructed from high-strength Q355B steel and reinforced with hard-faced tips, this grab is built to withstand harsh environments whilst its wide opening provides excellent volume handling, making it an ideal choice for opera-

tors who require a cost-effective yet reliable tool for large-scale, low-precision tasks. Naturally the mechanical design eliminates the need for hydraulic hoses, reducing maintenance and minimizing the risk of snag hazards.

Simply put it's engineered for simplicity and efficiency, and offers a durable, high-performance solution for industries requiring a tough, long-lasting attachment.

Specifications

Tonnage	Weight (kg)	Max Open (mm)	Finger Length (mm)	3 Finger Width (mm)	2 Finger Width (mm)
1.5-2.5	105	610	480	400	220
2.6-4	230	770	659	430	254
4.5-7	280	1200	709	490	290
8-10	450	1400	820	690	400
11-18	620	1600	993	700	400
20-24	1250	2000	1248	900	510
24-28	1420	2300	1436	1035	610
29-36	1700	2600	1560	1170	690
38-50	2700	3000	1763	1350	780

Tonnage	Fix Arm Length (mm)	Base Plate Width (mm)	Base Plate Length (mm)	Optimal Base Plate Position (mm)
1.5-2.5	700	90	200	400
2.6-4	900	114	230	500
4.5-7	1000	164	240	650
8-10	1200	180	240	800
11-18	1300	194	330	1182
20-24	1600	220	400	1265
24-28	1700	220	400	1500
29-36	1800	220	400	1600
38-50	2200	220	400	1800

Features

Large Opening & Bite Force
Larger opening and greater bite force than competitor models to handle bigger, heavier loads securely and efficiently.

Quick Release Arm
Easy mount/dismount mechanism, saving time and boosting overall operational efficiency.

Five-Finger Interlocked Webbed Design
Securely handle various objects with maximum capacity. Complete jobs in a fraction of the time.
